

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1.

MARYVILLE, MISSOURI, WEDNESDAY, FEB. 1, 1911.

NO. 202.

“HUMAN BLOOD”--REPORT

STATE ANNOUNCES THAT IT IS SATISFIED WITH EXPERT'S REPORT

ATTORNEYS FOR THE STATE MEET AND GREET DR. CROSS AS HE EMERGES FROM THE BUS AND TAKE HIM FOR CONSULTATION IN THEIR OFFICES TUESDAY NIGHT.

DEFENSE DOES NOT ASK DURING EVENING TO SEE THE JOE CAYTON GUN OR RASCO'S CLOTHES--GIVEN TO SHERIFF OVER NIGHT--TO DEFENSE WEDNESDAY MORNING.

Human blood, according to attorneys for the state, has been found on the two pairs of overalls taken from the Hubbell murder, and on the shotgun. Sheriff Tilson says he discovered in the Rasco barn.

Roy Cross, secretary of the Kansas City Testing Laboratory, of Kansas City, came to Maryville Tuesday night with the overalls and the shotgun. The prosecuting attorney's office had sent the garments and the gun to Dr. Cross for an analysis of the stains upon them. Rasco, when told of the finding of the bloody overalls, declared the blood was that of some hogs he had aided in ringing or some rabbits he had dressed during the week before the murder of the Hubbell family. He could not explain the report that the shotgun of Joe Cayton, which he had borrowed the day before the murder, had been found in the barn at his place. He insisted he had left the gun at Cayton's home when he concluded a hunting trip.

Immediately upon his arrival, Dr. Cross was met by Prosecuting Attorney George Pat Wright, his assistant, M. E. Ford, and the members of the law firm of Shinabarger, Blagg & Ellison, which is assisting the prosecution. Dr. Cross appeared to be jubilant. He did not have the air of a man who had failed. Those who noted his demeanor when he met the state's attorneys quickly concluded that he had discovered what the prosecution had trusted he would—that he had found human blood on the overalls and the shotgun. The attorneys went into conference at the law firm's offices. Late Tuesday night, when the conference ended, Dr. Cross was asked for a statement regarding the result of his analysis. The chemist referred the newspaper men to the prosecuting attorney.

“The analysis has been successful in all respects,” said Prosecuting Attorney Wright. “The state is well pleased; it is completely satisfied.”

Pressed for more information, the prosecutor admitted that the analysis had definitely determined that the stains on the clothing and gun were human blood stains. He said Dr. Cross would be put on the witness stand and then his full story would be known. The prosecuting attorney said he had not attempted to get the technical details from the chemist.

Dr. Cross graduated from Kansas university in 1905. He took a post-graduate course at the University Medical college, Kansas City, graduating in 1908. The Kansas City Testing Laboratory is a chartered institution, and Dr. Cross is its secretary.

Attorneys for the defense, after see-

ing the Joe Cayton gun and the overalls taken from Hez Rasco's home and brought to Maryville Tuesday night by Dr. Roy Cross from Kansas City, said to a representative of the Daily Democrat-Forum that they had no statement to make concerning the test.

ST. JOE HAIR CUTS GO TO 35 CENTS

Do you feel sorry for the poor Maryville barber who, in the face of the advanced cost of living is yet charging only 25 cents for a hair cut and 15 cents for a shave?

Think of having to pay 20 cents a pound for pork roasts in 1811, while in 1909, when the last scale of prices was set by the barbers, one could buy pork chops for 12 cents a pound, and being forced to dig up the price of two shaves to get one and one-half pounds of pork roasts, or the price of two hair cuts to get a pork roast big enough to feed a family of three or four members.

St. Joseph barbers are going to charge, after February 15, 35 cents for a hair cut and 20 cents for a shave, but the price of facial massages will not advance. Even the manicurists who buff one's finger nails, as an annex to the barber shops, only we have none of them here in Maryville, are going to raise the price of a nail shine. The bootblacks are the only ones connected with the St. Joseph barber shops who do not get in on the deal.

“Yes, we ought to have more for our hair cuts and shaves,” said a Maryville barber Wednesday. “But it is a question of whether the public will pay the freight. The safety razor has become one of the most promising of home industries, but there is one satisfaction yet left, there are no home-made hair cuts.”

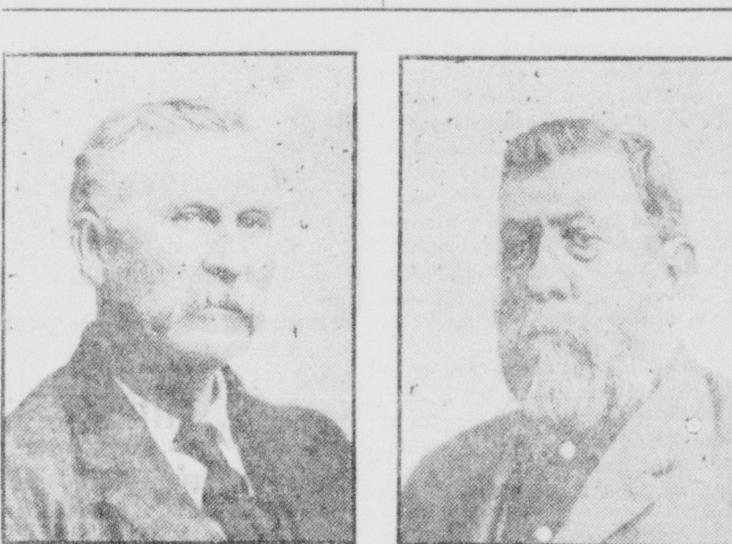

WILL SPEND SEVERAL MONTHS IN EUROPE

Mrs. Richard Saunders and daughter, Miss Helen, of Kansas City, who often visit relatives in and near Maryville have written Mr. and Mrs. G. L. Wilfley of this city that they will sail from New York on Saturday, February 4, on the Arabic for a Mediterranean cruise, after which they will travel in central Europe. They expect to return about the first of September. Mrs. Saunders is a sister of William West, living near Ravewood.

RASCO SPENDS BAD NIGHT IN JAIL ASKS ON RISING FOR FATHER

For the first time since the Rasco trial began Hez Rasco spent a bad night at the county jail Tuesday night. He has always been a sound sleeper, but on Wednesday morning it was not necessary for Sheriff Tilson to awaken him, as has been his custom since Rasco was brought back from St. Joseph the last time.

Sheriff Tilson and the jail attaches were up and stirring at 5:45 o'clock Wednesday morning. Rasco was lying on his face, awake, when Sheriff Tilson went to his cell to summon him

JOHN R. HUBBELL.

HENRY RASCO.

TWO AGED MEN, EACH BENT WITH SORROW, WATCH PROGRESS OF THE RASCO TRIAL

B. C. BIGGERSTAFF, IN ST. JOSEPH GAZETTE.

When I stood on the morning of November 22 with my hand on the shoulder of John R. Hubbell, both of us looking on the remains of his son Oda, his wife, and their children, Jessie and Welton, all resting in one cofin in the front room of the Hubbell home, John Hubbell said to me:

“Life has nothing for us now. This is too great a sorrow for any one to bear.”

Then it was the sorrowful man speaking. Tears dimmed his eyes but refused to flow. His voice quavered but he did not sob. His sorrow was so great that it raged like a searing fire.

Through the trial of Hez Rasco, charged with the murder of those most dear to him, it is the John Hubbell who only wishes to see the law take its course and justice meted out to one whom he believes guilty. It was John R. Hubbell who took Deputy Sheriff G. L. Evans to one side as hundreds of people gathered around the ruins of his son's home and said:

“Hez Rasco did this. Go and arrest him.”

The order was followed. John Hubbell has never said whether it was intuition that prompted the demand or whether he had evidence that would bear out the suggestion made to the officer of the law.

John R. Hubbell was born in Indiana and is about 55 years old. He has lived in Nodaway county ever since 1869.

Of the thousand people who throng the circuit court room here in Maryville one can not pick out a stronger or more manly, calm or more just face than that of John R. Hubbell. His life has been such that no man speaks of him but in terms of the fondest nature. His father died last Saturday. Sorrow has not touched this great rugged character with a light hand.

In spite of the trials of his life but few gray hairs streak his hair, yet coal black, and his bushy beard is but slightly white.

Always a farmer, once a successful one, he is simple, plain and honest, loved by all who know him and the object of the sympathy of every man who sees him and who has heard of his remarkable fortitude in the face of the vicissitudes of a life filled with hard toil, bereavement and infinite sorrow.

Warren Hull, farmer living near Elmo, 48 years old, married and has two children, a member of the Methodist church.

Henry McComb, farmer living near Wilcox, 45 years old, married and has a family of four children.

Charles Stafford, farmer living four miles north of Maryville, 39 years old, married and has three children. Is a Methodist.

J. R. Evans, farmer living southwest of Maryville, 33 years old, married and two children, a Baptist.

D. R. Palmer, a farmer living near Wilcox, 48 years old, married and has three children, and is a member of the Christian church.

J. H. Goodwin, farmer, 47 years old, lives near Elmo, has wife and six children.

W. L. Bush, farmer living near Clearmont, 43 years old, has wife and one daughter.

William Woodburn, farmer living near Parnell, 37 years old, married.

W. F. King, farmer of Hopkins township, 47 years old, married and father of eight children, member of Church of Christ.

W. E. Dawson, farmer residing near Skidmore, 39 years old, married.

Joseph Norman, farmer residing near Clearmont, 49 years old and has a family of six children.

A. R. Robinson, farmer, residing five miles northeast of Maryville, 48 years old, married and has one son.

JURY CHOSEN--TRIAL ON

STATE CHALLENGES EIGHT, DEFENSE CHECKS OFF ITS TWENTY

CIRCUIT COURT ROOM ON OPENING OF TRIAL IS TOO SMALL TO HOLD HALF OF ASSEMBLED THOUSANDS--WOMEN THERE TOO--INTENSE INTEREST IN CASE.

GREAT TRAGEDY TO BE RE-ENACTED BY WITNESSES--DR. CROSS TO TAKE STAND FOR STATE AS STAR WITNESS--ATTORNEYS LABORED FAR INTO NIGHT TUESDAY IN PREPARING FOR COUNTRY'S GREATEST MURDER CASE.

The jury chosen, the trial of Hez Rasco for the murder of Oda Hubbell and his family is on.

Seated by the side of his half-sister, Nellie, his father immediately behind them, Rasco, the picture of despair, listened to the challenges.

John R. Hubbell sets back of the state's counsel with his wife and Miss Gertrude Hubbell, their daughter. Many women were among the hundreds in the court room, some standing in the window ledges.

The jury panel was ready at 1:30, when Judge Ellison called court.

Judge Sayler of counsel for the defense asked that all witnesses, both for the state and the defense, be excluded from hearing each other testify.

Judge Ellison said that it was practically impossible to exclude forty witnesses for the state and twenty-five or thirty for the defense and to keep them bunched together through a long and tedious trial.

Judge Sayler said that the statutes provided for such emergencies, and asked that the county court and other downstairs rooms be utilized. Judge Ellison granted the request and ordered the segregation of the witnesses, and ordered the witnesses to surround the bar rail. More than seventy-four persons responded to the order. Of the number six were women.

The Hubbell and Rasco families were not excluded, but Dr. Roy Cross was. Each witness was obligated to not discuss the case with another witness. The witnesses were then taken from the room, and the jury returned.

Rasco jumped when F. W. Crow took a flashlight of the jury.

The prosecuting attorney launched the case by reading the information, charging Rasco with the murder of Oda Hubbell. Rasco braced himself back and stared at the jury as the information was being read. No smile flickered over his face.

A huge plat or map of the vicinity of the Oda Hubbell home was spread before the jury to facilitate the charges made by Prosecuting Attorney Wright.

Prosecuting Attorney Wright told the jury that it might be absolutely necessary for the state to rely on circumstantial evidence to sustain its charges.

Prosecuting Attorney Wright took considerable time in explaining the topography of the vicinity of the Hubbell home, as it was until the evening of November 20, 1910.

Henry Rasco sat with his head in his hands during the statement of the prosecuting attorney.

The outline of the case by Prose-

cuting Attorney Wright was not different from the press reports of the case at the time of the murder, except that it related that Oda Hubbell paid Bert Hubbell, his brother, \$45 on the morning of the murder, and yet had a large roll of money left over, among it several twenty, ten and five-dollar bills.

Prosecuting Attorney Wright stated that the Hubbell family returned from the John R. Hubbell home about sunset, November 20, and that the gunshots heard from the vicinity of the Hubbell home about 6:45 p. m. of November 20, 1910, the first two being about five to ten seconds apart; the last two, five minutes later and muffled, from five to ten seconds apart.

A recitation of the discovery of the murder by J. S. Letts followed. Some new, but not startling, features of the discovery of the murder were brought out by Prosecuting Attorney Wright. A map of the Oda Hubbell home was then spread before the jury to trace the movements of J. C. Letts and Bert Hubbell in trying to raise the Oda Hubbell family.

Prosecuting Attorney Wright stated that Bert Hubbell saw that the body of Oda Hubbell was burning fiercely.

Attorney Cook for the defense objected to any mention of the other members of the murdered family, saying that Rasco was under indictment for the murder of Mrs. Hubbell and the children.

The objection was overruled.

Prosecuting Attorney Wright said that the Hubbell's coal oil jug, usually found in the smoke house, was found near the remains of one of the children.

That there were No. 6 shot and a gun was found in Oda Hubbell's brain was also stated. In Mrs. Hubbell's case the body was recognizable, and that her skull was crushed in above and in front of the right ear. A search was made in the ruins, it was stated, for the silver that Hubbell was supposed to have had on him. Alleged threats made by Rasco against Oda Hubbell were given to the jury, along with details of the poker game at Guilford in a box car, during which Rasco saw Hubbell flash a roll supposed to have contained about \$400. The prosecuting attorney said that at the livery barn, following the poker game, Rasco demanded that Hubbell go back to the box car to play the game out, and that Hubbell refused to do so.

That Rasco was seen 420 feet east of the intersection of the Barnard-Guilford road, by the lane leading (Continued on page 2.)

Jury that Will Try the Rasco Case

MUCH OF BLOOD SCRAPED FROM GUN STOCK BY CHEMIST IN ANALYSIS

The gun, told the sheriff of the condition of the trigger guard, which is loosened and broken.

But faint stains of the original alleged blood clots and portions of human flesh, more of the latter than the former, remain on the gun. The analytical chemist, Dr. Roy Cross of Kansas City, and his fellow chemists, scraped much of the accretions on the gun stock off for the purpose of making the participation test. The blood stains on the overalls, as the state contends, were not cut out with the cloth, the chemists using some other process in extracting the coloring matter from the overalls.

THE PROOF OF THE PUDDING.

One of the significant features of the proceedings at the court house Monday and Tuesday morning was the uniform reply to the inquiries of the attorneys as to what newspaper the men being examined for a jury read. Out of a bunch of fourteen men examined successively Monday afternoon ten of them replied that they are readers of The Democrat-Forum. The remaining four were divided among other papers. Tuesday morning the testimony was equally strong.

The above tells a fact in the most convincing manner. It is not the claim of the advertising or the circulation man, but the unprejudiced testimony of the people themselves under oath. The Democrat-Forum covers Nodaway county like a blanket, and the advertiser who looks to his own interest will not neglect to use its columns.

The apprehension existing among financial concerns for the past few months is causing frightful economies to be planned in their future management. Several big corporations have decided to pay none of their employees more than fifty thousand per year.

The best way for the United States Senate to settle the Lorimer case is to rise and sing "The Vacant Chair" and then proceed to business.

Here's hoping Mr. Taft wins in his reciprocity arrangement with Canada.

SOLD FARM FOR
\$450 PER ACRE

William S. Miller sold twenty acres of his farm, at the end of Prather avenue, Tuesday to Le Roy Johnson for \$450 per acre. The deal was made by the real estate firm of McDougal & Holmes. Mr. Miller has forty-eight acres remaining. Mr. Johnson will take possession of his purchase, which includes the residence, the first of March.

Mr. Miller and his wife and daughter, Miss Iona Miller, will leave soon for Vinita, Okla., to make their home. Mr. Miller's son, Abner H. Miller, and family are located within two miles of Vinita. Mr. Miller expects to invest in Oklahoma land.

Mr. Miller came to Maryville in March, 1893, and purchased his farm, near town of Lycurgus Miller for \$100 per acre.

Miss Golda Hagan of Barnard was in Maryville shopping Wednesday.

PIRATES LEAD LEAGUE

Business College Went Down to De-
feat Tuesday Night—High School
vs. Normal Thursday.

The Pirates rolled up the largest score of the season in a game against the Business college Tuesday afternoon. The tally amounted to 65 points for the Pirates against 9 points for the Business college. Although the odds have been against them all season, the Business college has put up a game fight all of the time, and they did not let down any in yesterday's game.

The next game of the season will be played next Thursday afternoon at 4:15 o'clock between the Normal and the High school. This promises to be one of the best games of the season, and the students of both schools are impatiently awaiting the result. If the Normal wins the High school will be out of the race for first place, and if the High school carries off the victory it means that they will have to play off a tie with the Pirates.

Line-up in Tuesday's game:

Pirates—Bent and Perrin forwards; Hogan, center; Carpenter and Reak- secker, guards.

Business College—Rhodes and Schoonover, forwards; Nixon, center; Yeaman and Holmes, guards.

Baskets—Bent 8, Perrin 10, Hogan 10, Schoonover, Holmes.

Free throws—Perrin 9, Rhodes 2, Nixon 2.

One point awarded Business college on a foul.

Referee—Young.

Time of halves—Twenty minutes.

HEADS DAUGHTERS
OF CONFEDERACY

CONVOCATION APRIL 10

Will Put On Twenty-Seventh Degree
For Knights Kadosh at St.
Joseph.

St. Joseph chapter, No. 4, Knights Kadosh, of the Ancient and Accepted Scottish Rite of Free Masonry, in the valley of St. Joseph, has extended to Maryville Scottish Rite Masons an invitation to confer the twenty-seventh degree at the big convocation which will be held in the Scottish Rite cathedral, Sixth and Robidoux streets, beginning April 10 and lasting four days, concluding with the spring ceremonial session of Molar temple of the Mystic Shrine, on April 14.

Albert Kuchs, 32nd degree, will act as master of ceremonies in the twenty-seventh degree, and will be assisted by Curtis Wray, Capt. Charles Hyslop, Wellington Dusenberry and C. C. Helmers, all 32nd degree Scottish Rite Masons.

The first rehearsal of the parts was had Monday night in the Masonic temple in Maryville, and those who are to confer the degree are confident that in the time allotted in which to prepare that they will be proficient. Albert Kuchs and C. C. Helmers visited St. Joseph last week, and under the direction of Eugene Ferdinand Westheimer, 33rd degree honorary, were coached in the symbols of the work.

A class of 100 members will take the Scottish Rite degrees at St. Joseph during the next convocation. The most eminent members of the Southern jurisdiction, including Sovereign Grand Inspector General James D. Richardson of Washington, D. C., have been invited to attend the convocation.

JURY CHOSEN--

TRIAL ON

(Continued from page 1) down from the Hubbell home, about 4 o'clock of the evening of the murder, was stated. Efforts to introduce reference to the trailing of the bloodhounds led to objections on the part of the defense, which offered to produce authorities to show the irrelevancy of such testimony. Judge Ellison cautioned the jury that the statements of the attorneys was not to be taken as evidence in the case, and overruled the objections of the defense.

In tracing the course of the bloodhounds, Prosecuting Attorney Wright told of several heel prints being found in the moist ground along the route taken by them between the Hubbell and Rasco homes, and that these heel prints were identical to those found in the pool of blood at the corner of the Hubbell home. At 3:30 o'clock the state was still addressing the jury. No testimony will probably be presented today.

Just who is to be the first witness put on the stand by the state is not yet decided. Dr. Roy Cross will probably be the state's star witness.

Visiting Home Folks.

Ora Marsh, a constructing engineer of Seattle, Wash., arrived in Maryville Monday for a visit of several weeks with his parents, Mr. and Mrs. W. L. Marsh, living east of Maryville.

During the five years the young man has been in the west he has spent a part of the time at Cordova, Alaska.

Miss Lillian O'Brien of Jameson, Mo., has returned to Maryville to resume her studies at the Maryville Conservatory.

Miss Lotta Runyan of Stanberry, who has been the guest of Miss Jennie Vardie since Saturday, returned to her home Wednesday.

The Silo for Dairymen.

This is the time of year when the dairyman or dairy farmer who owns a silo likes to talk about silage. Good silage comes as near being June pasture in January as any feed with which the dairyman is familiar. Its succulent or juicy nature especially fits it for stimulating the milk flow, and keeping the cow in vigorous health.

Probably the most important rule in the profitable dairy is to keep the cows' milk flowing as freely as possible after the flow has once been started by parturition or calf-birth. To do this demands right feeding and good care. Silage is almost necessary to right feeding. Silage is a cheap feed to put up, and valuable to use. It is grown on the farm. This fact is of importance in this day of high priced mill feeds.

Bereaved of Son.

Eugene, the 3-year-old son of Mr. and Mrs. Walter Morton of Windsor, Mo., died Monday, the funeral services taking place Tuesday afternoon. Mrs. Morton was Miss Annie O'Reilly of Maryville, sister of Mrs. Ben Prather, formerly of this city.

Mrs. S. V. Dooley, who has been visiting her parents, Professor and Mrs. B. F. Duncan, left for her home in Parkville Tuesday evening.

GROUND HOG DAY

ANCIENT WEATHER FORECASTER
TO MAKE ANNUAL REPORT.

SIX WEEKS YET TO COME

His Hogship Emerges From His Den
at 10 O'Clock A. M.—H Sun
Shines, Back He Goes.

"February second, Candlemas Day,
Have half your corn and half your
hay."

—Old Rhyme.

This old couplet reminds us that Thursday, February 2, is ground hog day. Tomorrow will tell the tale as to what weather is to prevail for the next six weeks. According to the ancient lore that has woven around his hogship a mythical importance, if the ground hog, on emerging from his den at 10 o'clock on February 2 sees his shadow he will return to his underground home to remain six weeks longer. If, on the contrary, the ground does not see his shadow there is to be a surcease of the wintry weather that has made life a burden for the past ten weeks.

Having gone to his long dark rest in the latter part of October, the ground hog is supposed to have curled himself up in a bed of leaves in his den far down under the earth's surface, and to have slept soundly for weeks and weeks. At 9:45 o'clock, February 2, he is supposed to awaken, rub his eyes and try to distinguish some familiar scene that has been the subject of his dreams during his hibernation. Failing to do so, and conscious that he is in Stygian darkness, he makes a hike for the portal of his underground home. Then he remembers that for ages the human family has been dependent on him for a weather prognostication, and his clairvoyant nature asserts itself and he takes heed of the sunshine or the clouds which hide the sun from his view, and the weather is fixed for the next six weeks.

Little Child Hurt.

Katharine, the 20-months-old daughter of Mr. and Mrs. T. W. Costello of North Market street, was injured quite painfully a few days ago. While drinking from a glass she fell, cutting her face and lips severely on the broken glass.

Mrs. Anna Stauble returned Tuesday noon from a visit with her sister at Warrensburg.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Maryville Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Maryville. Follow the advice of a Maryville citizen and be cured yourself.

Mrs. A. Weidman, East Thompson street, Maryville, Mo., says: "I had terrible pains in my kidneys and was also bothered by the kidney secretions. The contraction of a cold or a change in the weather was sure to increase my suffering. I used every remedy that I thought would help me, but met with indifferent success. I had about despaired of ever finding relief, when I heard of Doan's Kidney Pills. I procured a box at Charles A. Love's drug store and found them to be especially adapted to my case. I

was soon free from all aches and pains and my kidneys were restored to a normal condition. I have enjoyed excellent health since then and I know that my cure is a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Moving in Signs Residence.

How To Surely Get Rid Of Rheumatism

Phenomenal Results Of Positive Antidote To Uric Acid.

The first dose or two of the positive antidote, found for uric acid, gives immediate relief in all forms of rheumatism, gout, lumbago and

Kidney trouble, and quickly brings on a cure. Every man and woman who has already tried it knows that the result is sure.

This antidote, called the "Fuss" Rheumatism Cure, has already cured over 1,000 cases of rheumatism. As an illustration, it cured Mrs. Mary E. Thorn of Owosso, Mich., 87 years old, in 14 days, cases of rheumatism in 3 days. It cured Mrs. Kimbley, the well-known ladies' tailor of Flint, Mich., of an excruciating case inside of a week. And many other cases have proven that it is the world's best for rheumatism.

The "Fuss" Rheumatism Cure, moreover, is absolutely free from all dangerous drugs, stimulants or narcotics, free from opium, morphine, chloral, cocaine, ether, chloroform or alcohol and is guaranteed so to the United States Government.

"Fuss" Rheumatism Cure sold at \$1.00 a bottle by all leading druggists, or will be sent prepaid on receipt of \$1.00 or 6 bottles for \$5.00, by the Fuss Remedy Co., Flint, Mich.

For Sale in Maryville by Koch Pharmacy.

BROUGHT YOUNG MAN TO HOSPITAL

Frank Herman of Bedford, Ia., a young man 19 years old, was brought to St. Francis hospital Tuesday evening by Superintendent Templeton and Mrs. Templeton of the county farm of Taylor county, Iowa.

The young man will receive treatment for diseased ankle bones from County Physician Vilas Martin until he is fully recovered, at the expense of Taylor county. He is alone in the world and was unable to care for himself, because of his crippled condition. The board of supervisors of Taylor county took the matter up and concluded the young man was worth the effort they could make to help him to recover his health and "set him on his feet" again.

Monday morning the county physician of Taylor county telephoned Dr. Vilas Martin to meet the board in Bedford, and laid the matter before him. They considered it in the light of a good business proposition, and said if the young man could be cured with right treatment at St. Francis hospital in Maryville they wanted him to take the young man and cure him, and they would pay him for his services to Taylor county. Dr. Martin said he thought the young man could be made well and strong again, and made a generous agreement with the board.

This is certainly an unusual case, and Dr. Martin says it is the first time he ever knew of a county farm charge being sent to a hospital in another state for treatment. He says that each member of the board said they believed it was their duty to do what they could for the young man, who has the appearance of being one who will make good as soon as he has health and strength.

Mrs. W. J. Gilbert of Barnard was in Maryville Tuesday.

Modern Strenuousness

Is reflected in the eyesight of the people.

In the hurry of to-day the eyes are overtaxed more than any other organ.

First they complain mildly in sundry aches and pains—which grow gradually worse and worse.

The wise person heeds these first signs. He hunts up a good optician, and seeks the aid of glasses.

Our facilities are at your disposal any day you wish to call.

We promise you skillful treatment and sure relief at

CRANE'S

OUR ANNUAL

WHITE GOODS SALE

will start Monday morning, Feb. 6th, and continue through-out the week. We will include in this sale at special prices:

Muslin Underwear, Embroideries, Laces, Dimities, Longcloths, Nainsooks, India Linons, Muslins, Cambrics, Pillow Tubings, Sheetings, White Goods in various weaves for waists and dresses

We have prepared well for this sale. The patterns and qualities in each line have been carefully selected so as to offer the best values possible.

Muslin Underwear

Buying Muslin underwear from us means satisfaction. Our garments fit—they are made of good materials—the trimmings are good and sewed on right—the garments in every respect are well made. They will please the most critical. We believe more would buy their under muslins ready made if they could see and examine this well selected line. (Special prices during the sale)

Embroideries

We have many beautiful patterns to show you this season. Our line of embroideries is unusually complete. It contains the novel—the handsome and the staple in Bands insertions, All-overs, edgings, Corset cover edges, flounce.

We have some novelty patterns in colored embroidery with goods to match (including material for the dress—also flounce, all-over, and band). These have never been shown before and we want you to come the first day and see these beautiful goods.

We show a large assortment of Val. laces ranging in price from 5c a yd. up.

(Special prices during the sale)

We are now showing our full line of Ginghams, Percales, Flaxons and other summer materials. We want you to see these new goods before the lines are broken. It will be to your advantage to buy early and in doing this you have plenty of time to make up what you buy before the weather gets warm. We show a larger line of French imported ginghams this season than ever before—a very fine cloth at 25c a yard. The designs are entirely new. The large plaids and new stripes will win you.

The new Percales and Toul Du Nord ginghams fresh from the wrappers never before have looked so good. There is no cloth that equals these goods for the money—15c a yard. You will buy freely of these when you see the new patterns, as you will not get the choice selections later on. We show a full line of Flaxons in the plain white and colored effects.

There will be liberal reductions on Longcloths, Nainsooks, India Linons, Muslins, Pillow tubings, sheetings, during our White Sale. We will not quote prices in this advertisement but will say that you will save money to buy during this sale what you will need of these goods.

Any Young Man Educated In Agriculture

Can do well on one of the government irrigated homesteads in the Big Horn Basin of Wyoming. These lands are wonderfully rich for growing all kinds of small grain crops, alfalfa, potatoes, sugar beets, vegetables and fruits.

TERMS OF PAYMENT—The water right for these irrigated homesteads that can be had adjoining new towns along the Burlington lines, can be paid for in ten yearly payments without interest. As a matter of fact, after the first payment is made at the time of filing, two crops can be raised before the next annual payment must be paid. If during the two years allowed the land is seeded down to alfalfa the returns from alfalfa will more than meet the payments to the government, and the usual running expenses of an 80-acre farm.

PERSONALLY CONDUCTED EXCURSIONS—Go with me on one of our personally conducted excursions, first and third Tuesdays, and let me help you pick out a good farm.

Write today for illustrated literature.

MONEY BACK.

On That Basis the Koch Pharmacy Will Sell You a Bottle of Parisian Sage Hair Grower.

Hair must have nourishment or die. If it does not have proper nourishment it will lose its vitality, grow weak, and become an easy prey to the ravages of the vicious germs of dandruff.

Parisian Sage is a hair nourisher; it is the result of sincere study and experiment by one of the world's leading scientists.

It should be used regularly as a hair dressing by everyone with healthy hair, because it never fails to prevent dandruff, falling hair, or any scalp disease.

Visited Father-in-Law.

L. E. Conklin of Newkirk, Okla., visited in Maryville from Saturday until Tuesday evening at the home of his father-in-law, U. S. Wright, of South Buchanan street.

Returned to St. Joseph.

Mr. and Mrs. J. E. Jared and little daughter, Ruby, left for St. Joseph Tuesday evening, where they will resume their residence. Mr. Jared has been employed as a builder on the Northwest Normal building the past year.

Visiting Her Parents.

Mrs. J. D. Newton and her baby boy, Maurice, arrived in Maryville Wednesday noon from St. Joseph on a visit to her parents, Mr. and Mrs. J. G. Thorndill. Mr. Newton will meet them in Maryville Friday. Little Maurice, who gave the family much concern a few weeks ago because of an attack of infantile paralysis that threatened to be permanent, is fast recovering, and the right hand, that failed to do his bidding, is responding to his every effort to use it, though not quite so vigorously as it used to.

G. W. Honeywell of Hawarden, Iowa, is visiting in the city with Mrs. James Moon.

"Uncle Josh" tonight at the Crystal.
